Felgenblitz säurefrei

Rim cleaner, neutral, viscous

Powerful pH neutral rim cleaning gel on the basis of a special neural ingredient. Burned in brake dusts, rust traces and other inorganic dirt are removed thoroughly and gently. The viscous setting leads to long adhesion and interaction. The effectiveness is made visible by the indicator (red colouring).With water repelling effect and gloss additives.

Areas of use

Aluminium, steel and chrome rims. With sensitive rims, eg polished aluminium, check for material compatibility beforehand on an inconspicuous area.

Recommendations for use

Spray undiluted onto the rims and leave to react for approx. 3 minutes, if required finish off with a brush and rinse off thoroughly with a high-pressure appliance. Repeat the procedure in case of stubborn dirt. With sensitive rims remove all traces of the product from wheelnut holes and recesses and where necessary dry.
