Heavy Cut H9.02

Coarse polishing compound, silicone-oil-free

Innovative machine polish for fast reworking of heavily weathered paintwork, elimination of deep scratches, and effective removal of paint mists and sanding traces of up to 1,200 grain. With its extremely homogeneous abrasive grain, Heavy Cut 9.02 achieves an extremely high level of cut with an excellent gloss level. Can be polished for prolonged periods without sticking and with low dust formation. Ideally suited to all types of paint (both soft and scratch-proof).

Abrasion level: 9,0 Gloss level: 6,0

Areas of use

Paint on cars, commercial vehicles, motorcycles, etc.

Recommendations for use

Apply in a crosswise motion with a rotary polisher and a lambskin pad (for sanding traces of 1,200–2,500) or the Heavy Cut Pad (for sanding traces of 1,500–3,000). Apply polishing compound at medium speed and with medium pressure. Polish afterwards with Micro Cut M3.02 or Micro Cut & Finish P3.01 for the best possible finish.
