# Kunststoff-Färber schwarz

**Plastic dye paste, black**

Water-resistant plastic dye for recolouring badly faded or weathered plastic parts on vehicle exteriors. Dyes, impregnates and cares for the treated parts. Excellent covering properties and extremely high resistance.

### Areas of use

Cars, commercial vehicles, etc.

### Recommendations for use

Thoroughly clean the plastic of any dirt, grease, wax residues, etc. Mask off any parts that are not to be treated. Working at room temperature, apply a thin layer with a fine-pored, slightly moistened sponge. Repeat if necessary. Touch-dry after approx. 1 hour. Full load-carrying capacity after approx. 1 week. Always seal tube in an airtight manner.
