Rapid Rinseless Wash

Car Wash Without Rinsing

The wash concentrate for quick and easy exterior cleaning of lightly soiled vehicles without rinsing. Cleaning, care and preservation of exterior vehicle surfaces in just one step. The high-quality care components produce a particularly smooth finish. Previously applied polishes and waxes are retained.

Areas of use

Exterior vehicle surfaces such as paint, glass and plastic

Recommendations for use

For best results we always recommend washing in a shaded area with the vehicle being cool/dry to the touch. If washing in direct sunlight please wash panel by panel drying each in between.

Application with wash bucket: Pour a dilution of 256:1 (half an ounce per gallon) into the detailing bucket with washboard if necessary and apply to the lightly soiled vehicle using a wash sponge or towel. Finally, remove the dirt with a clean and dry Polish & Sealing Towel.

Application with spray bottle: Pour into a spray bottle at a dilution of 256:1 and apply evenly to the surfaces to be treated. Finally, remove the dirt with a clean and dry Polish & Sealing Towel. If necessary, repeat the process with a clean towel.
