

Twisted Wool Pad

The Twisted Wool Pad is made of tug-resistant knotted lambswool for the application of abrasive polishes. It is ideal for removing heavy weathering, deep scratches and sanding on gelcoats. The pad is suitable for rotary polishing machines and is available in 4 sizes.

page 1 of 1

Areas of use

Heavily weathered, scratched and abraded gelcoats.

Recommendations for use

Particularly suitable for processing Heavy Cut polishes. The polish must be worked into the wool once in order to generate optimum and smooth running behavior on the paint surface.

Container

Container	Item no.
Ø 80 x 25 mm	9998276
Ø 126 x 25 mm	9998277
Ø 150 x 25 mm	9998278
Ø 180 x 25 mm	9998279

Warnings
